## Ziva Offerings

### **Major BAS System Connectors for SkySpark**

Siemens Desigo  
ALC WebCTRL

### **Zigbee & Zwave Connectors for SkySpark**

Samsung SmartThings  
Hubitat  
Home Assistant

### **Other Connectors**

Github (code management and deployment to projects)  
MQTT (designed around the Nanoenvi IAQ device), but plans to make much more powerful  
Disruptive Technologies sensors  
EPA

### **Apps for SkySpark**

Historifix (ability to edit data with GUI and much more)  
His Annotator (ability to put notes next to data) (in progress)  
Project Explorer (Builder app for operators with no editing capability)

### **Misc Fantom Extension**

UI Toolkit (adds functionalities to SkySpark views)

### **Axon**

Rule Library  
Import scripts for various systems using RegEx

### **Open-Sourced on Stackhub**

Data Quality  
Calculus  
Signal Analysis

### **Training Courses**

SkySpark Essentials  
SkySpark Intermediate  
SkySpark Advanced  
Fantom  
Machine Learning

We've done some other projects that may involve other parties, so happy to discuss your needs.

### **Programming Languages**

Axon (SkySpark)  
Fantom  
Java & JSP  
Python (can be done in SkySpark for machine learning)  
React.js (can be done in SkySpark for rich visuals) and Javascript in general  
SQL  
Machine Learning  
VB, VBA, and ASP  
.NET  
Linux (including Raspberry Pi)

### **Applications**

SkySpark & SkySpark extensions & Licenses  
Niagara & Niagara drivers & Licenses  
DGLux & Licenses  
Periscope & Licenses  
MS Power BI  
Tableau

### **Specialties**

Software Development  
Engineering – including control sequences  
Simulations  
Machine Learning  
Math

### **Hardware**

Vykon products  
Aeotec devices  
T-Star  
We can also acquire most hardware!

ZIVA TECH  
SOLUTIONS
